Professional Summary

Frontend Developer with **2+ years of experience** in building **responsive and scalable web applications** using **HTML5, CSS3 (SASS/LESS), Bootstrap, Tailwind CSS, JavaScript (ES6+), TypeScript, Angular, and React.js**. Strong experience in **Angular Material**, **REST API integration**, and **Postman API testing**. Hands-on knowledge of **Node.js, Express.js, and MongoDB** with **JWT-based authentication**. Experienced in **CI/CD basics**, **Git, GitHub, Bitbucket**, and **Agile project management using JIRA**.

Work Experience

Beedu Service Pvt Ltd   from August 2023 to Present
Kharghar, Mumbai, India

Frontend Developer

BeeduConnect

BeeduConnect is an educational management platform designed to digitalize and simplify academic and administrative activities. It helps Preschools, schools, colleges, and universities manage their daily operations efficiently. The system includes multiple modules, such as:

 Role-Based Access, Academic Configuration, Student, Employee, Exam, Student Register, Enquiry Management etc.

Technologies used:

- **HTML5 | CSS3 | SCSS |Angular 18 | Nodejs | Javascript | TypeScript | Bootstrap**

Role and Responsibilities:

- Analyzed end-user requirements and developed **responsive, user-friendly front-end interfaces** using Angular, HTML5, CSS3 (SASS), and Bootstrap.
- Integrated **RESTful APIs** for seamless CRUD operations and real-time data interaction.
- Designed and optimized **UI/UX** for improved accessibility and performance across devices.
- Collaborated with the backend team to ensure smooth **data flow and API integration**.
- Utilized **Postman** for API testing and validation.
- Managed code versions and collaborative development using **Git, GitHub.**
- Participated in **bug fixing, performance optimization, and feature enhancements**.
- Worked closely with the QA team to ensure cross-browser and cross-platform compatibility.
- Contributed to the implementation of key modules such as **Academic Management, Student Management, Employee Management etc.**

ComeOnTime – Attendance Management System

Live: https://comeontime.com

Developed a full-stack attendance management application from scratch and deployed it to production. The system supports role-based access control with **SuperAdmin, Admin, and Employee roles.**

Built the frontend using **HTML, Tailwind CSS, and React.js with a responsive UI and secure role-based routing.** Developed the backend using **Node.js, Express.js, and MongoDB, including REST APIs, JWT-based authentication, and authorization.**

Implemented CI/CD pipelines for both frontend and backend to automate build and deployment. Admins can manage employees (add, update, delete, view), while employees can mark attendance, view attendance history, apply leave, and manage their profile. SuperAdmin has full system access.

Tech Stack: HTML, Tailwind CSS, React.js, Node.js, Express.js, MongoDB, JWT, CI/CD

Software Skills

Operating System	: Windows 10 and Windows 11
Database	: MySQL, MongoDB
Version Control.	: Git
IDE	: Visual Studio Code, Sublime Text.
Tools	: Github, BitBucket, JIRA, Postman.
Language	: HTML, CSS, JavaScript, TypeScript.
Framework And Library	: Bootstrap, Tailwind CSS, Angular, ReactJS, jQuery.

Languages

- Hindi
- English

Educational Qualification

Bachelor of Computer Applications – 2023
Maharaja Agrasen Himalayan Garhwal University, Uttarakhand.

Personal Details

Father's Name:	Shri. Shyam Lal	Mother's Name:	Smt. Ramwati
Marital Status:	Single	Date of Birth:	Apr 02, 1999
Nationality:	Indian	Gender:	Male
